Damn Judge Kano,
 Of all people I'd A thought you
 had my back! These people are trying to put
 me back in the street with the turkey's
 who tried to put a hole in me, so what should
 I do?

They're saying that they're
 gonna notify the local authorities, now, are they
gonna give me an armed security detail?

What do you expect me
 to do, Die in the streets like a dog!

Or should I take this
 as an invitation to stop being a victim - no-
 induce myself and my family that no harm will
 come to me or my family?

People are ruthless lately,
 If they can't get me, might hit my mama,
 I don't know if you watch the news or if
 you actually comprehend the cases you oversee or a daily,
 the streets aren't exactly the friendliest places in the
 world!

This is why I asked to
 move down to Carlsbad, not because I fear for
 me, but because I fear my reaction to these
 people who want me dead! It's not fair that
 a person has to fear for his life or has to defend
 himself on certain levels, but I tell you now

I thought not having A Record
 Counted for something in Society, yet Mr. Gottlieb
 treated her like she was Nothing! I'm doing my
 home work, Seeing if his Performance as A P.O.
 Is Been on A Role Model Level, I mean, he
 Deceived my Girl with out as much as A Good

Man, I Respect the Man
 Professionally, But I don't Respect what he did! He
 Basically used his Authority to A Fucked up Company,
 he - my Girl had an Argument Because he
 was talking rudely in the presence of A female,
 I don't know him well, But some thing tells me
 he runs things the wrong way, so I have to
 Suffer due to his Lack of Service here! The
 whole Situation boils down to Why: he Denied the
 transfer, I know Why! All I ask is if you deal
 with him at all to ask him why he did it?

I'm Set for Release
